ABOUT JOBO

Established in 2014, JOBO is a professional and rapid growing electric bikes manufacturer with its parent company in Zhejiang and branch company in Warsaw, Poland.

Our parent company in China is located in Jinhua, Zhejiang province. JOBO is combined with frame factory and painting line with an area of 50,000 square meters. We have 3 bike assembling lines with annual production capacity of 300,000 bikes.

JOBO team is combined with over 300 young and promising team members and equipped with 16 QC testing equipments, 35 R& D people, 3 advanced Holland mechanic lines.

JOBO bikes enjoyed great reputation in America and Europe because of the good quality. It is well managed with 5S system, and comply with strict SOP. It is ISO9001 certified. 35 models of our bikes have got EN certifications from TUV. It is now known as “ National new and advanced technical enterprise ” with 40 patents.

JOBO’s production capacity is about 30,000 bikes per month in China, and 2000 bikes a month in Poland. JOBO is exporting over 50 different models all over the world with a turn over of 50 million dollar annually.We are continuing to grow with many other world-famous brands, and cooperating with JOBO will be the very right choice of yours!

COURSE

2014

JOBO was founded
JOBO got SII permission and enter the Israeli market

2019

JOBO Europe is established in Warsaw Poland
The exporting value of electric bikes from China ranks top 10

2021

JOBO new Production base with 50,000 square meters was into useJOBO Frame Department and painting department are started.

2015

The market share of JOBO bikes in Israel reached 30%
Enter the US market and with RAD POWER BIKE

2020

JOBO winsGolden Bull

2022

JOBO bike model JB-TDN58Z-F got second Award in the 11th(2022)China Golden Industrial Design Award Competition.

2017

Over 30 bike models obtained EN15194 from TUV Lab.JOBO was rated as a Chinese National High-tech Enterprise

2024

JOBO BIKE wins the 2024 China Bicycle and Electric Bicycle Design Competition

Poland Production Base

JOBO Europe covers an area of 6000 m with 50 skillful staf
annual production output of JOBO EU can be over 30,000 ebikes.

How to cooperate with JOBO

1.OEM -Big brands prefer

JOBO team will help to bring your design to life, and make bulk production. JOBO Frame factory can make sample within 15 days with CNC. Sole-proprietorship Frame factory can protect the confidentiality of your designs before release.

2.ODM -Middle size importers prefer

JOBO has over 100 models for you to choose, you can customize your logo, colour even your prefered configurations with upgrades.

3.To Be JOBOBIKE dealers - shops prefer

JOBO has over 60 dealers in Germany, Czech Republic, Poland, Austria, Italy, France and Korea. We will post your info on website and lead people around you to buy JOBO bikes from your shop.

Strict QC Process

IQC (Incoming Quality Control)

IPQC (In Process Quality Control)

FQC (Final Quality Control)

QA (Quality Assurance)

Battery: 48V 10.4AH battery
Brake: Hydraulic disc brake
Display: LED display
Fork: Integration fork
Tire: 20x2.125
Carbon steel

JB-TDN79Z-F

Motor: 48V500W Hub motor
Battery: 48V 15AH LG battery*2
Brake: TEKTRO mechanical disc brake
Display: LCD display
Fork: Integration fork
Tire: 20x3.0
Speed: Shimano 7

JB-TDN18Z-F

Motor: 48V750W Hub motor
Battery: 48V 17.5AH LG battery
Brake: TEKTRO mechanical disc brake
Display: LCD display
Fork: Suspension fork
Tire: 26x4.0
Speed: Shimano 7

JB-TDN78

Motor: 48V350W Hub motor
Battery: 48V 15AH LG battery
Brake: GEMMA hydraulic brake
Display: LCD display
Fork: Suspension fork
Tire: 20X4.0
Speed: 8 speed

JB-TDN19Z-F

Motor: 48V750W Hub motor
Battery: 48V 17.5AH LG battery
Brake: TEKTRO mechanical disc brake
Display: LCD display
Fork: Suspension fork
Tire: 26x4.0
Speed: Shimano 7

JB-TDN51L-F

Motor: Bafang 48V 750W mid motor G510
Battery: 48V 15AH LG battery
Brake: Tektro hydraulic disc brake
Display: C230-LCD color display
Fork: Integration Fork
Tire: 20*4.0 anti puncture
+ reflective stripe
Speed: Shimano 7

JB-TDN07Z-F

Motor: 48V750W Hub motor
Battery: 48V 20AH LG battery
Brake: TEKTRO mechanical disc brake
Display: LCD display
Fork: Suspension fork
Tire: 26x4.0
Speed: Shimano 7

JB-TDN52L-F

Motor: Bafang 48V 750W mid motor G510
Battery: 48V 15AH LG battery
Brake: Tektro hydraulic disc brake
Display: C230-LCD color display
Fork: Integration Fork
Tire: 20*4.0 anti puncture
+ reflective stripe
Speed: Shimano 7

City Ebike

JB-TDA42L

Motor: 36V250W Bafang Crank motor
Battery: 36V 14AH LG battery
Brake: TEKTRO Hydraulic disc brake
Display: Bafang LCD display
Fork: Single Suspension city fork
Tire: 28x2.0
Speed: Shimano 7

CE ◉ EU Warehouse

JB-TDF45L

Motor: 36V250W Bafang Crank motor
